OVERVIEW

For superyachts where space is truly at a premium, Triton has pushed the boundaries and developed the ultra-compact, yet luxuriously comfortable TRITON 660/2 ^{SPII} submersible.

Designed to comfortably accommodate two people, this compact and agile submersible is an excellent choice for anybody wishing to pilot their own superyacht submersible and explore the wonders of the ocean together with a family member or friend.

Weighing in at just 2,500kg, and with a top speed of 4 knots, the TRITON 660/2 ^{SPII} is a smaller, lighter and faster version of the TRITON 1000/2; the Triton that revolutionized the industry, setting entirely new standards for ease of operation and integration. The model has over a decade's proven track record of reliability, safety and fun.
